PROFILE

I'm currently attending the 3rd year of the Computer Science Engineering Bachelor's Degree in Iscte- Instituto Universitário de Lisboa.

During this time, I have had contact with multiple technologies that can be checked in my education section. Some of them as part of my school projects and others as side projects. At this point in my career, I want the opportunity to deal with different challenges in order to grow. On my side you can count with someone who is motivated, keen to learn and to take on new challenges.

At the moment, I'm looking for a summer internship in the following areas: Data Science, Cyber Security, Data Mining and Artificial Intelligence.

EDUCATION

Bachelor's Degree, Computer Science Engineering, Iscte - Instituto Universitário de Lisboa, Lisbon

SEPTEMBER 2019 – PRESENT

I developed projects in:

- Java (object-oriented programming , concurrent programming)
- Scala (multi-paradigm programming - recursive programming)
- Data Structure's, sorting and searching algorithms
- Modeling with Modelio
- Databases with MYSQL and MongoDB
- Web development with Python, CSS and HTML
- Others

Softskills developed:

- TeamWork
- Time management
- Communication
- Responsibility
- Feedback
- Adaptability
- Flexibility

SKILLS

Java Programming

C

Bash Scripting

Microsoft Office

Scala

Python

SQL

LANGUAGES

Portuguese

French

English

Spanish; Castilian

EXTRA-CURRICULAR ACTIVITIES

Scouts CNE - Corpo Nacional de Escutas, Porto de Mós

SEPTEMBER 2013 – SEPTEMBER 2017

Volunteer student, Food Bank Against Hunger, Porto de Mós

FEBRUARY 2013 – PRESENT

Softskills developed:

- Communication
- Active listening
- Discipline
- Responsibility
- Teamwork
- Organization
- Persistence
- Humility

CTF Workshop, Diogo Beja, Iscte, Lisbon

FEBRUARY 2022 – FEBRUARY 2022

Deploying ML Models in Sagemaker, SaltPlay, Lisbon

FEBRUARY 2022 – FEBRUARY 2022

HOBBIES

Play games; Walk; Read history articles.
